

Radhika's individual submission for S1

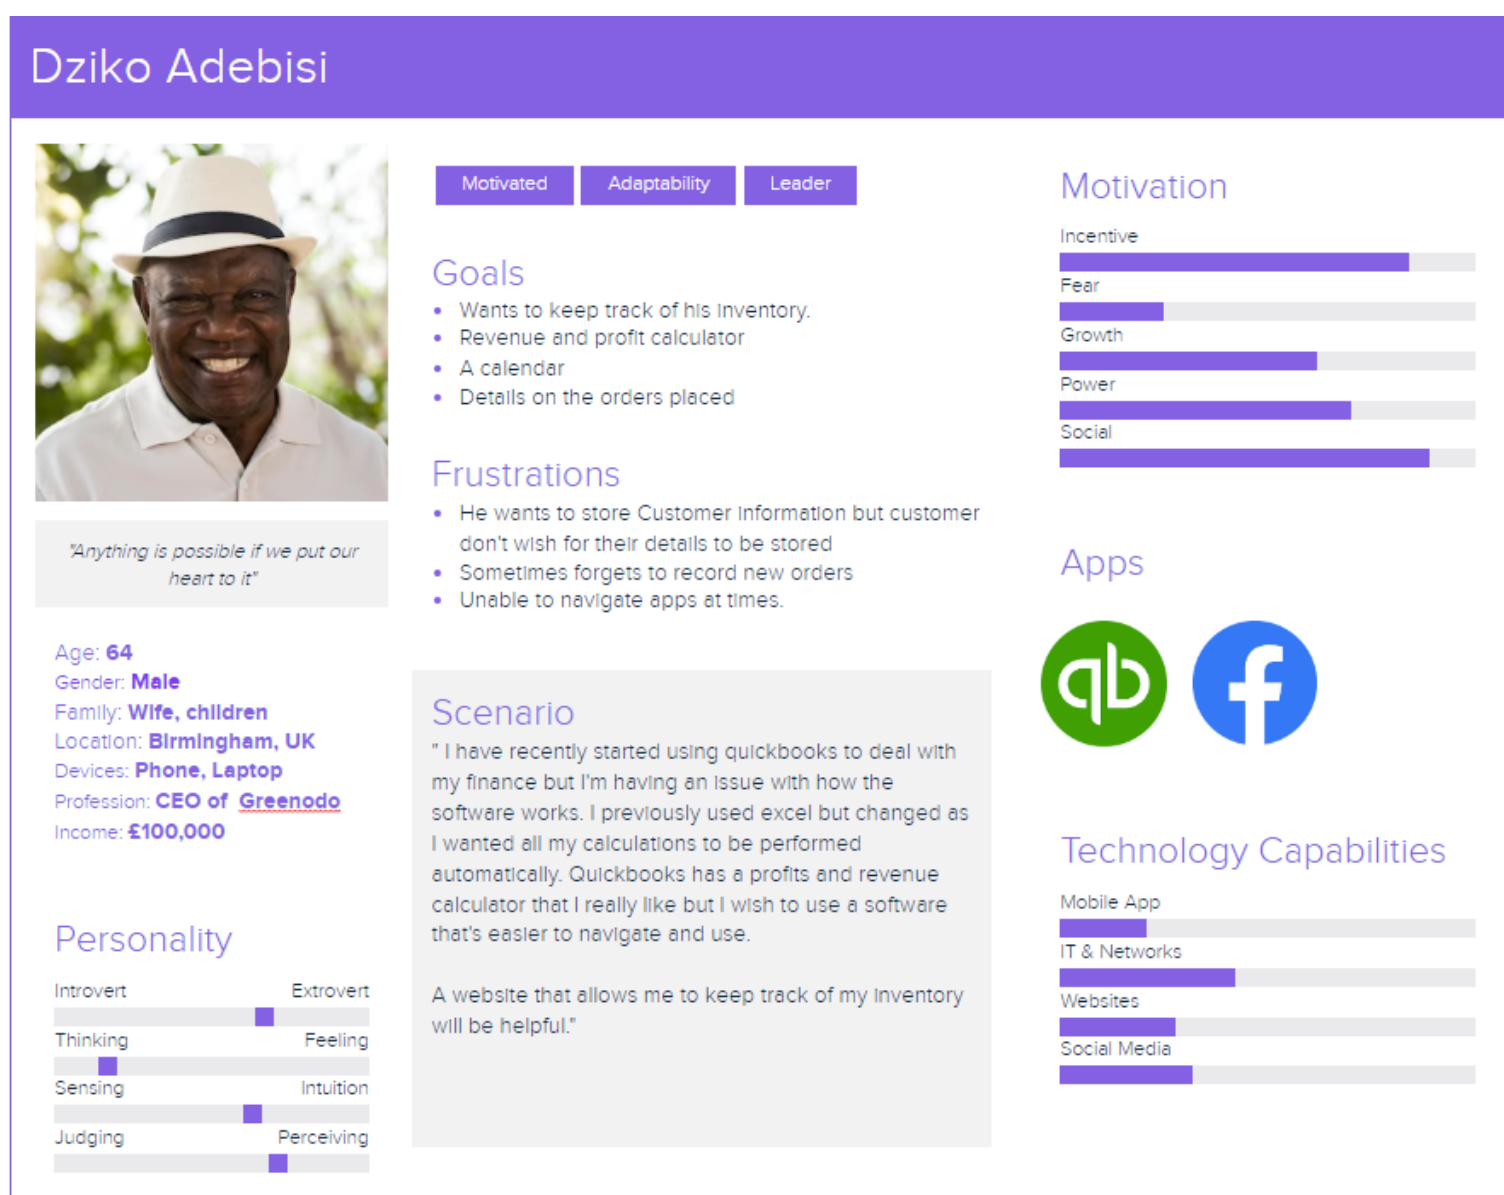

Mockup:

This mockup is the Businesses' DashBoard. This is the first page the business owner view after logging in. They can see their profile, when clicked they can alter their profile. They have an overview of their expenses. Their calendar can be sync to either google calendar or any other calendar the business may wish to use. They don't have any orders at the moment but normally the product bought, the quantity and the profits are visible.

Persona:

Dziko is the owner of a manufacturing company. He provides material to other businesses. He graduated from King College London and majored in Business Administration.
